

# Patrick G. Bissett, Ph. D

Stanford University  
Department of Psychology  
Jordan Hall, Building 420 Room 336  
450 Jane Stanford Way  
Stanford, CA 94305-2130

Email: [pbissett@stanford.edu](mailto:pbissett@stanford.edu)  
Website: [bissettp.github.io](https://bissettp.github.io)

---

## Employment

Stanford University, Stanford, CA (2019 –)  
Research Scientist, Department of Psychology

## Education

Stanford University, Stanford, CA (2014 – 2019)  
Postdoctoral Fellow, Department of Psychology

Vanderbilt University, Nashville, TN (2009 – 2014)  
Ph. D in Cognition and Cognitive Neuroscience

University of Michigan, Ann Arbor, MI (2004 – 2008)  
Bachelor's of Science with Distinction and Highest Honors in Brain, Behavior, and Cognitive Science

University of Oxford, Oxford, UK (2007)  
Study abroad program at St. Edmund Hall

## Publications

**Bissett, P. G.**, Jones, H. M., Poldrack, R. A., & Logan, G. D. (in press). Severe violations of independence in response inhibition tasks. *Science Advances*.

**Bissett, P. G.**, Li, J. K., Jones, H. M., Davidson, W., Meidan, N., Saliy-Grigoryan, A., White, C. N., Schonberg, T., & Poldrack, R. A. (accepted in principle). Registered replication of Wessel and colleagues (2014) "Stimulus devaluation induced by stopping action". *Journal of Experimental Psychology: General*.

**Bissett, P. G.**, Hagen, M. P., Jones, H. M., Poldrack, R. A. (2021). Design issues and solutions for stop-signal data from the Adolescent Brain Cognitive Development [ABCD] study. *eLife*, 10, e60185.

Zmigrod, L., Eisenberg, I. W., **Bissett, P. G.**, Robbins, T. W., & Poldrack, R. A. (2021). The cognitive and perceptual correlates of ideological attitudes: A data-driven approach. *Philosophical Transactions of the Royal Society B*, 376, 20200424.

Mazza, G. L., Smyth, H. L., **Bissett, P. G.**, Canning, J. R., Eisenberg, I. W., Enkavi, A. Z.,...MacKinnon, D. P. (2021). Correlation database of 60 cross-disciplinary surveys and cognitive tasks assessing self-regulation. *Journal of Personality Assessment*, 103, 238-245.

Thompson, W. H., Wright, J., **Bissett, P. G.**, & Poldrack, R. A. (2020). Dataset decay: The problem of sequential analyses on open dataset. *eLife*, 9, e53498.

**Bissett, P. G.**, & Logan, G. D. (2013). Stop before you leap: Changing eye and hand movements requires stopping. *Journal of Experimental Psychology: Human Perception and Performance*, 39, 941-946.

**Bissett, P. G.** (2013). The countermanding task revisited: Mimicry of race models. [Commentary on "The countermanding task revisited: Fast stimulus detection is a key determinant of psychophysical performance"]. *The Journal of Neuroscience*, 33, 12150-12151.

**Bissett, P. G.**, & Logan, G. D. (2012). Post-stop-signal adjustments: Inhibition improves subsequent inhibition. *Journal of Experimental Psychology: Learning, Memory, and Cognition*, 38, 955-966.

**Bissett, P. G.**, & Logan, G. D. (2012). Post-stop-signal slowing: Strategies dominate reflexes and implicit learning. *Journal of Experimental Psychology: Human Perception and Performance*, 38, 746-757.

Yamaguchi, M., Logan, G. D., & **Bissett, P. G.** (2012). Stopping while going! Response inhibition does not suffer dual-task interference. *Journal of Experimental Psychology: Human Perception and Performance*, 38, 123-134.

**Bissett, P. G.**, & Logan, G. D. (2011). Balancing cognitive demands: Control adjustments in the stop-signal paradigm. *Journal of Experimental Psychology: Learning, Memory, and Cognition*, 37, 392-404.

**Bissett, P. G.**, Nee, D. E., & Jonides, J. (2009). Dissociating Interference-Control Processes between Memory and Response. *Journal of Experimental Psychology: Learning, Memory, and Cognition*, 35, 1306-1316.

Cooper, S., Iyer, G., Tarquini, M., **Bissett, P.**, (2006). Nocodazole does not synchronize cells: implications for cell-cycle control and whole-culture synchronization. *Cell and Tissue Research*, 324, 237-242.

## **Selected Conference Presentations**

**Bissett, P. G.**, Poldrack, R. A., & Logan, G. D. Systematic violations of independence in models of response inhibition. Annual Meeting of the Organization of Human Brain Mapping. Rome, Italy, June 9-13, 2019.

**Bissett, P. G.**, Poldrack, R. A., & Logan, G. D. Systematic violations of independence in models of response inhibition. Association for Psychological Science Annual Convention. Washington DC, May 23-26, 2019.

**Bissett, P. G.**, Poldrack, R. A., & Logan, G. D. Severe violations of independence in response inhibition tasks are pervasive and consequential. Annual Meeting of Control Processes. Providence, Rhode Island, May 16-18, 2019.

**Bissett, P. G.**, Shine, J. M., Durnez, J., Li, J., & Poldrack, R. A. Combining stopping and working memory slows response inhibition and relates to network integration. Annual Meeting of the Organization of Human Brain Mapping. Singapore, June 17-21, 2018.

**Bissett, P. G.**, Eisenberg, I. W., & Poldrack, R. A. Reactive, proactive, and selective stopping: What can 500,000 trials tell us about inhibitory control? Annual Meeting of the Psychonomic Society. Vancouver, Canada, November 9-12, 2017.

**Bissett, P. G.**, Shine, J. M., Durnez, J., Li, J., Gorgolewski, K. J., Esteban, O., Blair, R., & Poldrack, R. A. Behavioral and neural interactions between working memory and stop-signal inhibition. Annual Meeting of the Organization of Human Brain Mapping. Vancouver, Canada, June 25-29, 2017.

**Bissett, P. G.**, Shine, J. M., Koyejo, O., Gorgolewski, K. J., & Poldrack, R. A. Fluctuation in network topology predict N-back correct and errors as a function of cognitive load. Annual Meeting of the Organization of Human Brain Mapping. Geneva, Switzerland, June 26-30, 2016.

**Bissett, P. G.**, & Poldrack, R. A. Fast inhibition or impulsive inhibition? Towards a common threshold for engaging and inhibiting responses. Association for Psychological Science Annual Convention. Chicago, Illinois, May 26-29, 2016.

**Bissett, P. G.**, Logan, G. D., & Wylie, S. A. Selective inhibition in young adults, older adults, and Parkinson's Disease. Annual Meeting of the Society for Neuroscience. San Diego, California, November 9-13, 2013.

**Bissett, P. G.**, & Logan, G. D. Strategies for selective stopping: Challenging the race model. Annual Meeting of the Psychonomic Society. Minneapolis, Minnesota, November 15-18, 2012.

**Bissett, P. G.**, & Logan, G. D. Post-stop-signal slowing: Strategies dominate reflexes and implicit learning. Annual Meeting of the Psychonomic Society. Seattle, Washington, November 3-6, 2011.

**Bissett, P. G.**, Nee, D. E., & Jonides, J. Interference mechanisms for response production and memory representations. Annual Meeting of the Psychonomic Society. Houston, Texas, November 16-19, 2006.

## **Invited Talks**

What is the structure of “self-regulation”? Association for Psychological Science Annual Convention. Washington DC, May 23-26, 2019.

Applying novel technologies and methods to inform the ontology of self-regulation. The NIH Science of Behavior Change Research Network Annual Meeting. Bethesda, Maryland, January 10, 2019.

Proactive control improves reactive response inhibition. Annual Meeting of Control Processes. Amsterdam, The Netherlands, October 11-13, 2017.

Strategies for selective stopping. Translational Aspects of Stopping Workshop. San Diego, California, November 8, 2013.

Selective response inhibition: Basic, clinical, developmental, and neuroscientific implications. University of Texas at Austin. October 7, 2013.

Selective stopping strategies across effectors, age, and Parkinson’s Disease. University of California at San Diego. July 24, 2013.

## **Awards**

Association for Psychological Science Rising Star Award, 2020

Vanderbilt University Graduate Student Travel Award, 2011, 2012, 2013

National Science Foundation Graduate Research Fellowship Honorable Mention, 2009

Vanderbilt University Departmental Award in recognition of exemplary academic record, 2009

University of Michigan W. B. Pillsbury Prize for Most Outstanding Honors Thesis, 2008

University of Michigan degree conferred with “Highest Honors” given for the best senior honors thesis in the Psychology Department, 2008

University of Michigan Spike Tanner Memorial Award for Research, 2007

University of Michigan Eli Lilly Research and Travel Award, 2006

National Merit Scholarship Finalist, 2003

## **Current Funding**

National Institutes of Health (U24) 9/15/2020-9/14/2025:

Columbia University Science of Behavior Change Resource and Coordinating Center renewal

PI: Donald Edmondson, Role: Co-Investigator

\$6,239,458

National Institute of Mental Health (R01), 7/1/2018-3/31/2023:

Characterizing cognitive control networks using a precision neuroscience approach.

PI: Russell A. Poldrack, Role: Co-Investigator/Co-Author

\$2,097,193

## **Grants Under Review**

National Institute of Drug Abuse (R01), 9/1/2021-8/31/2026:

Leveraging the Adolescent Brain Cognitive Development [ABCD] stop-signal data to understand response inhibition and substance use

MPIs: Patrick G. Bissett, Russell A. Poldrack

\$1,971,250

## **Previous Funding**

Ruth L. Kirschstein National Research Service Award from the National Institute of Drug Abuse (F32), 4/1/2016-3/31/2019:

Elucidate the mechanisms underlying inhibition induced devaluation.

PI: Patrick G. Bissett

\$179,218 (awarded on first submission)

Stanford Center for Cognitive and Neurobiological Imaging (CNI) Innovations Grant, 2/15/18-8/31/18:

Characterizing cognitive control networks using a precision neuroscience approach

PI: Patrick G. Bissett

\$2,000

Stanford Center for Cognitive and Neurobiological Imaging (CNI) Innovations Grant, 2/1/17-8/15/17:

Behavioral and neural interactions between working memory and stop-signal inhibition

PI: Patrick G. Bissett

\$2,835

## **Peer Review**

*Ad hoc journal reviewer:* Acta Psychologica, Behavioural Brain Research, Cerebral Cortex, Child Development, Cognition, Cognitive Development, Cortex, eLife, eNeuro, European Journal of Neuroscience, Experimental Brain Research, Human Brain Mapping, JAMA Psychiatry, Japanese Psychological Research, Journal of Experimental Child Psychology, Journal of Experimental Psychology: General, Journal of Experimental Psychology: Human Perception and Performance, Journal of Neurophysiology, Memory & Cognition, Nature Human Behaviour, Neurobiology of Aging, NeuroImage, Neuropsychologia, Personality and Individual Differences, PLOS ONE, Psychological Research, Psychological Science, Psychonomic Bulletin & Review, Quarterly Journal of Experimental Psychology, Scientific Reports, The Journal of Neuroscience, Vision Research

*Ad hoc grant reviewer:* Medical Research Council

## **Teaching and Supervision Experience**

Teaching Assistant in Experimental Design (x2), Introduction to Psychology, and Perception.

Supervisor to 13 Research Coordinators and Research Assistants. Secondary supervisor to 2 Ph. D students.

## **Professional Societies**

Association for Psychological Science, Organization for Human Brain Mapping, Society for Neuroscience
